About Us

Pre-Final Year B.Tech Student in Computer Science and Engineering

Enthusiastic Software Engineering Graduate Seeking Entry-Level Position. Eager to apply my programming skills and software development experience to create innovative applications that drive meaningful results.

In the process of launching our own startup, having successfully completed several key milestones.

Education

Galgotias University, Computer Science and Engineering   Oct 2022 – July 2026
- CGPA: 8.69/10.0 (*Certificate preview*)
- **Coursework:** Computer Networks, Computer Architecture, Database Management Systems, Data Structures and Algorithms, Theory of Computation, and more.

B D Public School, Science   June 2022
- PERCENTAGE: 85% (*Certificate preview*)
- **Coursework:** Physics, Chemistry, Maths, Information Practice, and more.

SDSVM Bataha Sainik School   March 2020
- PERCENTAGE: 79.6% (*Certificate preview*)
- **Coursework:** Math, Science, English, Hindi, and more.

Work Experience

Hackathon, SIH   Aug 2024
- Led a team in the Smart India Hackathon, securing a position in the top 30 out of 200+ teams, demonstrating strong leadership and technical skills.
- Spearheaded the development of innovative solutions for Smart education, using technologies like node.js, html, css, mongobd, and more.
- Presented final product to a panel of judges, showcasing effective communication and project management skills.

Web Development Intern, AICTE   June 2024 – Aug 2024
- Gained hands-on experience in front-end development using HTML, CSS, JavaScript, and database.
- Developed problem-solving skills and improved coding efficiency through real-world projects.
- Delivered a polished and responsive website in alignment with AICTE's standards and requirements.

Ideathon, Galgotias University   Jan 2023
- Led a team in the Ideathon at Galgotias University, driving innovative project development.
- Coordinated team efforts to brainstorm, refine, and present a viable solution to a real-world problem.
- Guided the team through design thinking processes to create a well-structured, impactful idea.
- Successfully presented the final project to a panel of judges, receiving positive feedback for leadership and creativity.

Projects

Educational platform (Gyaansaras):   Gyaansaras GitHub
- **Gyaansaras** : High-Quality, In-Depth Learning Platform
- A 100% free online platform offering high-quality, deep learning resources accessible to everyone.

- Tools Used: HTML, CSS, JS, MYSQL, Java

Netflix Clone   Netflix Clone GitHub

- Created a comprehensive video streaming solution that accommodates over 200 titles and supports multi-user access, featuring an intuitive search interface that has increased average viewing time by 25% since launch.
- Tools Used: HTML, CSS, JS

Certifications

SIH Pre-Qualified: certificate preview

EduSkills Acamemy Web Development: certificate preview

AICTE Java Internship: certificate preview

Technologies

Technical : DSA in Java, OOP in java, Algorithm Design , JavaScript , Python, DBMS

Database: MySQL, MongoDB

Tools: Git, Github, VSCode, IntelliJ, Figma

Software: NET, Microsoft SQL Server

Hobbies

Technical: Coding, Teaching (Coding, Math) and more.

Non-Technical: Listening to music, Playing Badminton and more.
